CANDIDATE PROFILE

Highly motivated, analytical and focused .NET web developer, with an honours degree in Computer Science and Software Engineering from Maynooth University. Experience working in small and large development teams using programming languages such as C# and JavaScript, with knowledge of modern hardware, software technologies and Object Orientated Design. Extensive experience is in ASP.NET MVC and .NET Core Frameworks and development of online customer applications using several web technologies including REST and SOAP. Prior to my degree at Maynooth University, I ran my own construction business which cultivated my ability to work as a member of a team and as an individual. This provided me with the ability to work to deadlines and take on the responsibilities of leading projects.

EDUCATIONAL / QUALIFICATIONS

2013 - 2017:	<u>BSc Computer Science and Software Engineering</u> 2 nd Class honours Grade 1. Maynooth University
